PAULING BETWEEN solutions during the show as it receives applause from the capacity crowd Chicago. This Friday night, the combined choir in attendance.

Singing both religious and secular holiday music, the combined University choral groups presented their annual Christmas Concert at Sage Auditorium under the enthusiastic audience which made up Men's Glee Club. Combining the talents of the A Cappella Choir, Troble Choir, and Men's Glee Club, the group of 300 made up in spirit and verve anything it may have lacked in precision.

Under the direction of Dr. James Paul Kunde, the choirs gave a first rate performance, a fact that was even more outstanding when the fact is considered that they had had only one hour to rehearse together as a unit.

Exceptionally well received were the post intermission offerings, the students "Kinds of Boys" with each of the choruses singing one section, the one choruses singing over the other, and "Grandpa's Thanksgiving," a Fred Waring number arranged by Simon, sung by the Troble Choir Club proved popular with the audience.

Students having color and the numbers which they sang are: Jim Mathew, 133; James Dunn, 133; "Mary's Cradle Song" to "I Love to Tell"; James James, 133; "Your Arms" James Jacvey, 133; "Brothers Bing" and Edith Lubbe. "Come Spirit, 'Tis His Day." As an offering of thanks for the students' work which Roger Barnes had the sole responsibility of organizing. Mr. Barnes did an excellent job. The final offering was "The Holy Night," composed by the choir itself which was sung after the program finished the program by humbling the final verse.

The program will go on to the Illinois State Teachers' Association at the Normal, Ill., convention and the University is sponsoring the program in order to show the abilities of the young band and to give the band members an opportunity to hear themselves.

Mr. St. John emphasized that even since man first in Prout Expresses Importance Of Frats, Sororities

The importance of fraternity and sorority associations to college students is evidenced by the fact that in the 1950-51 academic year 350 students will appear before the national recruiting committee. Several fraternities have been awarded scholarships by the national recruiting committee.

Indoor Frat Track Meet Scheduled For Thursday

BY ERNEST JACKSON

"RUNNERS TAKE YOUR MARKS!!" will be the command Thursday when 16 fraternities line up for their first annual Fraternity Indoor Relays in the Men's Gym.

Beautiful girls, fraternity colors, cheering, and lots of spills are expected to feature this year's relays which will be culminated by the presentation of a trophy to the winner and runner-up frat.

Four races comprise this year's event with teams entered in the 4-man 2-lap relay, 4-man 4-lap relay, 4-man 6-lap relay and 4-man 8-lap relay. Each fraternity has named some secretaries to be its sponser and cheering section for the meet. As sponsors the sections carry their color on their wear, and the team sponsoring the winning frat will also receive a trophy.

Favorites in Thursday's relays are the Sigma Chi who are last year's relay champs and placed high in the fraternity track meet last spring. Sigma Alpha Epsilon is expected to give most of the competition in the shorter distances while Phi Delta Theta dominates the distance relays.

Due to the large field of entries and the narrowness of the gym track the meet will be run in heats while Phi Delta Theta dominates the distance relays.

Points will be awarded for the first five places. Six points will be given for first place, four for second, three for third, two for fourth, and one point for fifth place.

Start of the first race will be at 7:30 pm on the gymnasium track.

A Perfect Strike?

By BILL GREENHILL

ONE OF THE MOST CON- TROVERCIAL figures in the pro- basketball league the past couple of weeks has been Don Otten, former BG caps star ... Otten elected the season with the Wash- ington Caps but was traded recently by to the Baltimore Bullets ...

Last Saturday the Bullet coach decided that he did not want the seven foot center and wanted to remove him to Washington because he claimed the Caps had not ful- filled their part of the deal ...

The Caps replied that so far as they were concerned Otten was a free agent and that he was not traded to the Caps with the Fort Wayne Pistons ...

The Bullets traded him to the

ATO Takes Fraternity Bowling Lead

Alpha Tau Omega took undisputed possession of first place in the Fraternity bowling league by winning four points from Alpha Sigma Phi while Sigma Phi Epsilon was dropping three to Delta Upsilon.

These were the only two major changes in the standings. Sigma Chi was dropped from seventh to eleventh while Delta Upsilon went from eleventh to ninth. The rest of the games strengthened team positions in no certain places.

Campus Interviews on Cigarette Tests

Number 9...THE MARSH HEN

"For a while they had me swamped!"

Seems like this confused fool got mixed in a metaphor and was almost turned into a guinea pig. The story goes he got caught in a welter of quick-trick cigarette tests ... one pull of this brand, then a pull of that ... so fast, a whiff - a fast inhale and exhale. And then he was supposed to know all about cigarette mildness! Is that the way to treat a lady? And is that the way to judge a cigarette? We think not. That's why we suggest:
