Nissen Clarifies Dime Collection

The March of Dimes collection takes at the Loyola gnome which caused many cents was clarified this week by Mr. Karl, chairman of the charity drive.

Nissen clarifies that the contributions at the gnome were derived mainly from townspeople, "for the first time in history, a large number of the party who placed the gnome contributed what the gnome collected," he stated.

If any collections or solicitations are being conducted independently from our Charity Drive Committee, they are not to be considered as a student Dr. Prout said to stop any such activity.

Vacation Reminder

This year’s date for the campus is the same as last year. This can be found in the calendar at the end of the week.

Good luck on exams.
In reviewing the past semester, one thing stands out clearly and distinctly. It was an undoubtedly the most unusual term school term that any of us have ever experienced. Unusual for several reasons. The prime one being the whole situation and the threat of impending war. That alone caused students to lose a certain amount of interest in studies and frequently ask, "What is the purpose and use of it all?" And, the more the question was asked, the less interest and questioning there were the answers.

In the midst of all this, Student Senate functioned. Sometimes not as well as the News thought it could, and should, but nonetheless it functioned, and took everything into consideration, rather well.

There were, and always will be, times when the News disagreed with the Senate, and openly and in an editorial if it seemed first method would improve the current situation. But, both the Senate and the News consistently attempted to work for one thing—the betterment of the University. However, the two quietly crossed and clashed enough.

This past semester’s Senate has been far and beyond one of the best to sit on this campus for some years. In the memory of any student enrolled here no batter can be found. Although this past semester’s Senate has not accomplished all we would have, there are some of the projects attempted or not thoroughly investigated. This Senate is the best to arrive here since before the war.

Credit for this does not go to any one individual. But, credit for being outstanding in this group, because of his leadership and sincerity, goes to Louis Doigman, who graduates this semester.

The News believes that Doigman led the Senate. While not always believing in semi-civilized legislation, the News admits that Doigman did accomplish a few major items. His most important work concerned a partial clean-up of Senate’s constitution, something that was needed for a long while. Other work was seeing the all-campus charity drive conducted to a limited success, and helping the recent Student Union fees increase increased.

The work done was not perfect or complete, but it was an attempt. In all, it stands for far above the other universities in Ohio and the rest of the country.

The News has not said much about the News itself, but it feels that because this school is not a school that would work solely on the service that would promote the University. It is a struggle. It is a struggle that has been faced, and is still a struggle, and will continue until there is no more struggle for the University.

Only when the parts of a university are replaced by good men the student operating body and rest and say it has fulfilled its primary purpose. Then, it must begin the watchful task of protecting the improvements and making new ones when necessary. It is a struggle that is practically never-ending.

**Honor Society Plans Dinner**
The Sigma Roxy Society, national honorary, will hold a dinner meeting Jan. 27, 8:30 p.m. in the college auditorium, for the purpose of inducting new members.

William H. Martin, recently elected Student Union president, is the chair and representative from the University. Professor W, H. Smith, Jr., will be the speaker. Students are invited to the dinner.

**School Supplies—Printing**

We offer you the best in typewriter rentals and repair service at the lowest price anywhere. Ribbons to fit all machines as well as the best in carbon papers.

When it comes to printing - our plant has been built to handle every want. The smallest printing job receives the same attention as the largest catalog. Let us help you plan your next job of printing.

**Letters To the Editor...**

Dear Editor: 

I want to take this opportunity to thank the News for its splendid report to the Student Senate in February. The News presented the report of the President of the Student Senate in an attempt to stir up interest among the students. It is a great effort. I think that we, the news and the students of the University, are the ones who will benefit from it.

John R. Gooch

**The Falcon’s Nest**

At this time, I wish to extend to the Falcon’s Nest does not belong to the student body, but if the students are granted the use of it for a gathering place, they will have it. I believe that the sooner it should operate in the same manner as would say any other place.

We also understand that an important report to the board of the University will be presented the possibility of building the University when the present ones have been curtailed. It is necessary. The students of the University are great to have the most benefit of the present school. The students of the University are the ones who will benefit from it.

**UNIVERSITY**

Graduates of the class of 1951 will culminate on Feb. 12 at 3 p.m. in the Main. It would be approximately 50 students. When Dean Shafter accepts all of them, it will mark an end to mid-year commencement and therefore reap the resurrection of the great tradition.

**EILEEN E. DAVISSON**

Student Senate president of the past semester, student government leader and last night at the Senate banquet, Marion Hampton, the new president, will take over the duties of the student government for the next semester.

**BILL CAMERON**

Alpha Sigma Alpha, the only member of the class to graduate receiving two degrees, a bachelor of arts in education and a bachelor of arts.

**ANNE PICKUP**

Will at last be able to talk to her parents, Mr. and Mrs. Pick, as an equal. Prior to this she has been a mere student in the family circle.

**For Needy Children**

Christmas gifts were sent to 18 fastest and neediest children in Wood County by a group from the Associated Collegiate Press. An amount of $10 was sent to each student and faculty member, who were sent to the St. Joseph’s Children’s Home by the Associated Collegiate Press. 

For Red Cross gifts, they were taken over to the County Department, 134 East Wooster Street, and there bought the gifts for the children.
Dances Planned Despite Exams

Students Explain How Exams Cut Long Vacation

"The old order changeth." Now the world situation, plus college enrollments, the fraternity thing may be forced to lend weight.

Phi Delta Theta is the first Bowling Green fraternity to meet this realization.

Phi Delta are holding their final annual She Delta Theta party this Friday night to initiate girls into active membership.

The girls signal pledge party at the Phi Delta house Wednesday night and then begin their Roll Week. The Shake (s) carried miniature paddles till Saturday and did personal duties for the active.

The shaking met at the Phi Delta house Saturday morning for breakfast and then proceeded to clean up the house. That night the pledges went through the rituals of the Delta Thetas.

Joe Breaux had a 2 Bar Ranch horse party Friday. Dormitories were in western style and a "Biggie" by western riders was featured. This style is not affected by hot dogs, beans and corn.

Unto fame has claimed those more Ursuline students. Jerry Hiatt, a junior, is president of the Coast Guard. Waine Campbell, SAR, has taken in the University of Texas and another SAR, Bill Foley, is in the Senior Reserve, has been called into active duty and will leave at the end of the semester.

Kappa Delta received no transfer cards from the Kappa Sigma and was in appreciation for serving at the Senior's banquet in the chapter house Saturday.

Falcons Blow 11-Point Lead; Drop 5th To W. Kentucky

Bowling Green's basketball team blow an 11-point game lead at Owensboro, Ky., Recreation Center Satur day night, and dropped its fifth in 17 starts to strong Western Kentucky, 68-65.

All five losses have been suffered away from home. Only against Toledo and Holy Cross has BG recorded victories outside Men's Gym.

After meeting Kent State here Feb. 3, the Falcons move into the Toledo Sports Arena for a return match with Western Kentucky Feb. 5. The Falcons, under George Mastlitch, return Feb. 8 to the same Cleveland Arena floor on which they defeated Holy Cross, 68-67 a month ago. There they engage in a game with the remainder of the schedule.

Three Frats Stay UnBEATEN in IM Basketball League

With only two sets of games played, Theta Chi and Sigma Chi players are the only unbeaten team in the first league of the Intramural Basketball League. The teams have both won their first two games and are presently tied for first place.

In the second league, the Sigma Nu five have also won their first two games. They are now rating in first place while Delta Tau Delta and Phi Kappa Psi are running close second, both having a 1-0 record.

Michigan State, Iowa State Foes

The Falcon swimming team, with three wins under its belt, put their clean slate on the block this Saturday when they travel to East Lansing, Mich., to meet the pow-erhouses of Michigan State and Iowa State.

Today they are seeing their fourth straight in at the expense of Ohio University.

Thus far the t a n k e r s have scored Reubel, Tenger, and Ref.

The triangular meet at East Lansing will be one of the Coopermen's roughest battles of the season and if they come through on the right side of the score, their national standing will be much high-er than it has been.

Coach Sam Cooper will be de-pending on Chuck Woodfill and Harry Shreiner in the sprints. John Bruce leads the backstrok-ers and Lee Koenig has been out-standing in the butterfly. Ted Clark, captain of the squad, is tops in the sprints. The Falcon matmen won their second meet of the season last Sat-urday against Toledo and Holy Cross has been the Great Scott School.

Whether Bowling Green will be eligible for a bid to Madison Square Garden March for the National Invitational Tournament remains in the balance until the season's end.

With reumpilation of the 20-game slate delayed until Feb. 3 because of final examinations and registration, the Falcons are taking a well-deserved 2-week rest and looking ahead to the final eight court tests of 1966-67.

It is generally conceded that the team outside New York state must be a 20-game winner even to be considered by the NIT selection committee. At date, Bowling Green has won 12 and has not yet won both games of the season if they expect a bid to the "basketball's tourney of tourneys of the nation."

Frosh Swimmers Split Meets

Kent State's Golden Hi I. Frosh swimmers split meets were Herb Scogg, Don Kep-ler, and Don Atkinson, all of whom broke former freshman squad records. Scogg and Atkinson hail from Monroe, Mich., while Kepler is a product of Manzum High School.

In the McKnight meet, Scogg broke two individual relay records held by Ted Clark. Howe-ver, the premier performer of the meet was Gil Hort, 1965 record holder in the 100-yd. backstroke, who broke three of their own pool records in downing the Falcons.

In setting back of his records in the individual relay events and the 100-yd. freestyle, Kepler took to the track and helped this team blow three of their own pool records in the horseracing event.

Tickets for all three basketball games will go on sale in the Men's Gym Jan. 23. Kent State tickets will be on sale until Feb. 2, and both Western Kentucky tickets will be sold until Feb. 5.
