RESIDENTS and former resi-

quite a reception for the first group of Air Force personnel to arrive. The group included two days ahead of schedule. The welcoming committee, however, was discouraged from its intended service by a sympathetic faculty member.

Since Monday, when "A" Wing was told it had to evacuate to make room for the servicemen, signs were in the making — signs which were not all in favor of the servicemen, but which couldn't be ignored. And on Thursday night, the signs came to the request of house direc-

tors.

Now, it is understandable that the men who had to move out of the Dorm and turn over their rooms to the not-too-

welcoming committee. It is also understandable that finding a new home has proved to be a difficult task for many of them. But from what has been seen and heard about the living situation, it is not surprising that the servicemen have been made to feel welcome.

The servicemen are usually on leave from their work and no longer have the responsibilities of their former jobs. They have a chance to find a new place to live and to improve their living situation. It is also understandable that the servicemen have found their new homes to be satisfactory and pleasant.

Smokers, Rush Parties Overshadow Other Events

By ANGIE PALERMO

Overshadowed by the swirl of "smokers" and "rush" parties last week were a few parties, dinners, and elections of officers.

The person with the most money left at the end of the Sigma Nu Gambling Party Saturday night received a prize. Roulette wheels, poker games, and blackjack added to the atmosphere of the party."

A big tip event has appeared under the direction of Jim "Uhr" Easter. Its theme is "Tap, Tap, Blimey!" and its members are Jim Easter and Don Shull on the keyboards, Bob Wester on the drums, and Bob Taylor on the all-american pop Piano.

The next meeting will be held on March 1, between the three fraternities. The purpose of the meeting is to promote fellowship by breaking down the barriers between fraternity and sorority, said Dick McFerrin, chairman. The plan was originated by Meyers, a Phi Tau, about two months ago. He examined the "Phi" fraternity, Phi Kappa Psi, Phi Delta Theta, Phi Kappa Phi.

DU Queen Chosen

Campus Interviews on Cigarette Tests

Number 13...THE OCELOT

"I don't mean to be catty—but I hate Pass-Questioning!"

Our fellow friends may not be from Missouri, but she sure likes to be shown! She saw right through those thin, quick-trick, cigarette tests and realized you couldn't fairly judge a cigarette's mildness with a mere one puff or a swift snuff. Right on the spot, she decided they weren't for her; Sophisticated, but shrewd, she knew what she wanted.

The Sensible Test...the 30-Day Camel Mildness Test, which simply asks you to try Camel as your steady smoke-on a pack after pack, day after day basis. No snap judgments needed. After you've enjoyed Camels—and only Camels—for 30 days in your "T-Zone" (T for Tobacco, T for Taste), we believe you'll know why...

More People Smoke Camels than any other cigarette!
