Senate Acts Fast; Creates Competition For Offices

This past week saw Student Senate attempting to make the best out of a poor situation. Faced with the prospect of no candidates for the presidency and vice presidency next year, the Senate prepared for its annual election and enacted the necessary legislation to make eligible two particulars.

Under the Senate constitution, a candidate for the top executive positions must have a 2.5 accumulative point average and must have occupied a position from working as "recognized" Senate committees.

However, the essay that the constitution didn’t say which "recognized" committees were. What Senate did was set the precedent and award any committee that it saw fit a modicum of recognition.

Now, all this is above the board and entirely legal. However, if Senate members are not careful, it does make one stop and wonder if this stipulation has acquired 25 points from working on "recognized" Senate committees.

Preceding full academic institutions, the requirements slightly asked for one semester's previous service on Senate and a 2.0.

Looking over the record, it is hard to see where any real improvement was made by the amendment. It is possible, however, that with considerable "cleaning-up" of the present constitution on improvement will be realized.

The representation al-alleged legislation that was rolled-over through Senate last semester without proper consideration of the consequences being made before a vote was taken.

The purpose of the point requirements was to allow persons of Senate and working on Senate committees to be eligible for the top offices. But no method was made to recognize the contributions.

**Phi Dels Are Campus Cage Champions ... At Last**

By RICHARD BUCKOW

Contrary to a previously published report, Phi Delta Theta fraternity and not the independent ITO team is the official all-campus intramural basketball champion for 1951.

In one of the most thrilling and hard-fought basketball games ever played in the university gymnasium, the Phi Dels edged six-chamber champions St. Marys 34-33 in a contest that required two overtimes.

The 1951 Phi Delta Theta team, under the coaching of Dave Matthews, director of intramural sports, scored a thrilling victory that will be remembered by Dayton men for many years to come.

Coach Dave Matthews' crew, as they took both halves and the second overtime period, has a team that seems to be a good shot for the championship.

**Dayton Flyers Invade BG Field Tomorrow**

Bowling Green football lovers got their first peek at the 1951 Falcon gridders Saturday afternoon when the Dayton Flyers invaded the University of Dayton for a spring training session.

The day belonged to the Whirlwinds of the Falcons, who have been working with his team since the beginning of the spring term. The Whirlwinds have plenty of vacancies to fill.

The Falcons, under the direction of Coach Burley, have been working hard in order to fill the void left by the departure of the Whirlwinds. The Falcons will be on the gridiron Saturday afternoon at 2:30.

**No-Hit Softball Tilt To Be Played Over**

The opening no-hit game pitched last Monday night by the Basebads Delta Tau Delta in the Intramural Softball league was declared a 3-0 win for Phi Delta in the first game of the championship series.

The Phi Deltas, as expected, were too good for the Dayton Flyers. Coach W. J. Thomas, manager of the Phi Deltas, has thrown the shot, and the Flyers look good in the opening game.

With the win over the Flyers, the Phi Deltas are guaranteed a top rating in the league.

**Falcon Nine Seeks Victory Against Kent State Today**

With three of their four starting guards game must be a good day yesterday. With Rainey, the center for Ohio state, out because of illness, the day was a solid victory for the team that had the best chance to win.

Falcon Coach Warren Stellier is expected to send out several guards and Bill Buehler and Bob Johnson, who has been working with the team have been missed.

Both batters are contact men, and the Falcons are giving them an opportunity to see some pitching.

The Falcons have lost one autograph on the pitching staff, and the Falcons have an opportunity to see the pitching staff, which is going to England next season.

In their first outing Bee Gees dropped a 2-0 decision to Ohio State with a fine performance on the mound.

Kent has an advantage over the Buffaloes in the Master's Tournament.

The Falcons are expected to be strong in the tournament.

Campus Interviews on Cigarette Tests

Number 17... THE OWL

"So I'm a wise guy—so what?"

"Spectro tocanciliaria"—Specto, for short, majors in classics. But in this case, he's dropped his Latin readings and slings American along with the best of them. He comes right out

"comediously" whenever he voices his opinion on these quick-trick, one-pull cigarette tests. They're a snub to his high IQ.

He knows from smoking experiences there's just one intelligent way to judge the mildness of a cigarette.

It's the sensible test... the 30-Day Camel Mildness Test, which simply asks you to try Camel as a steady smoke—on a pack-after-pack, day-after-day. No map judgments needed. After you've enjoyed Camel—and only Camel—for 30 days in your "T-Zone" (T for Thrust, T for Taste), you'll believe you know why...

More People Smoke Camels than any other cigarette!

May Breakfast is Among Alpha Phi Traditions

As groups form and grow in members and activities, along with those certain traditions within each group, which become annual events looked forward to, by all those associated with the group.

With many of the sororities there are old traditions which have become very much a part of the modern college life. On May 13 the alumnae and members of the Beta Omicron chapter of Alpha Phi will reunite for their annual May Breakfast. This traditional meeting is to give alumni an aves a chance to get together and talk about the "good old days."

At this time the chapter's paper, "The Silver Slipper," is given to all the alumni and mailed to those unable to attend. In the paper all activities of the past year are reported.

Last year the Alpha Phi had about 80 alumni returns for their breakfast in the Nest and hope to have over 150 this year. Each year this event becomes more and more interesting to everyone involved.

Another tradition within Alpha Phi is the wearing of a tiny anklet; the Greek letter of the sorority name on it or by each Alpha Phi bride. It is then passed on to the next bride.

Pictured above (left to right) are Lois Zierl, Joannna Marciel and Eugenia Sutton who will appear in "Orchesis 81" to be presented tonight and tomorrow evening in the Main Aud.

Rest For Razors Starts Sunday

The time has come to begin separating the men from the boys. Alpha Tau Omega, sponsor of the University's annual radio Haver- kins Week, has announced that this year's traditional beard-grow- ing contest will begin this Sunday.
