Audition for the Hunon Playhouse Company

A group of Freshmen, Sophomores, Juniors, and Seniors from the Department of Theater Arts will be auditioning to fill 12 positions in the Hunon Playhouse Company. The Hunon Playhouse Company is looking for actors with varied skills and backgrounds. Auditions will be held from 2 to 5 p.m. on Monday, Jan. 25 at the Hunon Playhouse, 7001 University Blvd. Auditions will consist of a 10-minute monologue. A list of suitable monologues can be obtained from the Department of Theater Arts. For more information, call 744-5000 ext. 3.

Roundtable meets

Computer Science majors and faculty met in the Ad­ministrative Business Office to discuss the establishment of a computing center. The meeting was attended by students and faculty from the College of Arts and Sciences and the College of Business Administration. The meeting was called to order by Dr. John Ginder, the Academic Dean for Computing. Dr. Ginder introduced the faculty and students present and discussed the need for a computing center. The meeting was then turned over to the students present for discussion.

Clarification noted

In a clarification of a story on the campus’ computing policy that appeared in The Daily Northwestern on Jan. 13, it was noted that the computer center will be closed from 9 a.m. to 5 p.m. on Saturdays. It was also noted that the computer center will be closed for the summer months from June 21 to Aug. 31. The computer center will be open from 9 a.m. to 5 p.m. on weekdays and from 9 a.m. to 3 p.m. on Saturdays during the summer months. The computer center will be closed for the summer months from June 21 to Aug. 31. The computer center will be open from 9 a.m. to 5 p.m. on weekdays and from 9 a.m. to 3 p.m. on Saturdays during the summer months.

Faculty/Staff positions

The following faculty positions are available:

Chemistry: Assistant professor. Contact Doug Handley (2131), Deadline: March 1 or until filled.

Business Administration: Assistant professor of international business. Contact Ken Handley (2132), Deadline: March 1 or until filled.

Computer Science: Assistant professor. Contact Karen Daniels (2133), Deadline: March 1 or until filled.

Computer Science: Assistant professor (emphasis in computer security). Contact Karen Daniels (2133), Deadline: March 1 or until filled.

The following administrative positions are available:

Alumni and Development: Director of development and alumni and vice president for university relations. Contact Don Handley (2132), Deadline: Feb. 1.

New handbook helps computer users find quick answers by phone

Theresa Milne, educational curriculum coordinator for the Information Services Department in the Office of Computer Services, has developed a reference handbook that helps users find quick answers by phone. The handbook, called "BGSU Microcomputer Resource Person's Handbook" was published in Spring 1990 and was featured in the Spring issue of "The Instructor," a newsletter published by the Ohio State University's Faculty Senate.

Milne pointed out that the handbook was developed in response to expectations of increased student enrollment and computer usage. "As we continue to provide more access to the computer system, we are also finding that students and faculty are using the system in different ways," Milne said. "We wanted to develop a reference tool to help make the system more user-friendly and accessible to all computer users." The handbook was developed to provide direct answers on campus.

The handbook contains information on how to use the computer system, including guidelines on how to use the system in a non-support computer product, "microcomputer resource person," and "help" to the instructor on the university's Microcomputer Resource Person's Handbook. The handbook was developed to provide direct answers on campus.

The handbook was developed to provide direct answers on campus.

In addition to providing direct answers on campus, the handbook also includes information on how to use the computer system in a more efficient manner, including guidelines on how to use the system in a non-support computer product, "microcomputer resource person," and "help" to the instructor on the university's Microcomputer Resource Person's Handbook. The handbook was developed to provide direct answers on campus.

New handbook helps computer users find quick answers by phone

Theresa Milne, education coordinator for the Information Services Center in Bowling Green, says the new handbook is invaluable to answer questions, provide training and conduct free seminars.

Once the handbook is in place, there are a lot of experts on campus that will be more than happy to meet their specific needs, but are not on the phone line 24 hours a day. What Milne said is all facts, added she is working on a computer network, and the handbook she is compiling will be of use to those in which they have computer problems. They can get it done, but people also think that the handbook is a way to find out what the staff is doing or how to get it done because it is very similar to the handbook at the office of the Vice President for Academic Affairs.

"It is hoped that the handbook will be a source of information for faculty, students and anyone who prefers to get the answers to their questions by phone," said Milne.

The handbook, compiled and published by Computers Inc., is available in the main office building and at the information center. The handbook is 300 pages long and written in an easy-to-read format. Carbon monoxide poisoning warning issued

Enjoying drinking University students are being warned about possible carbon monoxide poisoning. Don't drink and drive.

The University's Department of Health and Safety has issued a warning following a series of recent cases where students have experienced the effects of a malfunction in the vehicle's exhaust system.

Employee holidays are established for 1990

Personnel Services has announced the holiday schedule for the U of the U of the U. These holidays are established for the year 1990.

Saturday, Feb. 3

The University of the U will observe the following holiday on the following dates:

- Employee holiday - will be observed on the following dates:
  - Monday, Feb. 5
  - Thursday, Feb. 28

The holidays will be observed on the following dates:

- Monday, Feb. 5
- Thursday, Feb. 28

The employee will receive compensatory time off on the following dates:

- Monday, Feb. 5
- Thursday, Feb. 28

If any staff member works one of these holidays, they will be compensated at one and a half times the regular rate paid to employees.
