'April Fool' Jokes Modernized
For-Sure-Fire Fun, Disaster

By Sipke Tweelen

Today students on this campus, as well as on every other campus, will be subjected to pranks and jokes called "April Fool" jokes. The intention is to fool someone just like your "alp is showing," and other such jokes have been the extent of the observation of this. This is the twentieth April Fool's Day, it is high time to update this custom and "Live Modern" in our approach.

You get a piece of stationery from the student financial aid office and send the following to a friend: "Due to the failure of the United States Government to make good the loan you have been waiting for since the beginning of the year, I am giving you this check for the loan you have been waiting for since the beginning of the year."

In August.
