Alumni Businessmen To Speak Tomorrow

The University's second Alumni Businessmen Day, held tomorrow in the Alumni Room.

The schedule of events will be: at 8 a.m. a registration and a coffee hour will be held; at 9 a.m. the program will begin, with the opening address by Mr. Wiley, assistant professor of economics; at 10 a.m. a speech entitled "The Business Man Looks At The Dynamic '60s" will be given; at noon a luncheon will be held in the Alumni Room; at 1:30 p.m. a panel discussion on the theme of the American Businessman in a World of Turmoil will be held; at 3 p.m. a social hour will be held; and at 4 p.m. a farewell address will be given. A reception will follow.
LITTLE MAN ON CAMPUS

Let The Chips Fall...
Student Sex Habits Analyzed By Press

By Jim Klieschnik

Court News

You don't have to write a thesis to be a master

"Dugout Doug"

Editorially Speaking ...

If it weren't, there would be no population explosion. Sometimes, however, you get a little tired of hearing about college students and how immoral they have become.

In recent months, Newweek, Time, and the Saturday Evening Post, all have devoted space to articles analyzing college students and their morals, or lack of morals. This is good business, sex always sells well.

Nevertheless, it seems ironical that adult groups across the country are painting at the campus and saying, "For shame!" When they criticize the morals of college students, members of society are only condoning themselves. Attitudes on the campus reflect the attitudes of society.

At one time, the campus seemed to be almost isolated from the rest of the country. The children of the elite attended colleges to get a well-rounded education, cooking up academic atmospheres at the same time. This no longer is true. Increasing enrollments have brought all varieties of society to the campus. A student body is no longer aesthetically isolated.

The college student of today is usually more mature than the student of 20 or 30 years ago. He has been a good deal more of life. He is not uneducated if he has not attended a formal school. Kids are still kids, but if the parents would take this into their own ears at 16. Thus, the time they are such kids, they are to be more "hard-faced" left.

With the changes in mental climate have come changes in college society. Students are a part of society, just as they are a part of college. At most schools, the door has to be open, 24 hours a day. At most schools, the door has to be open during these times. This "technocracy" isn't always popular.

Student sex habits were shaped by an era of conformity and the attitudes of society. At one time, the campus used to get a little tired of hearing about college students and how immoral they have become.

Robert James Named MAC Commissioner
Robert C. James, assistant director for Intercollegiate Athletics at the U.S. Air Force Academy, has been named the new Mid-American Conference commissioner, succeeding Dave E. Reese, who is retiring after 18 years as the MAC's only administrative head.

The appointment of James will bring to the MAC a man with a wealth of background in intercollegiate athletics, covering a period as a four-sport participant at the University of Maryland to his present position as the head administrator of one of the newest and finest intercollegiate programs in the country.

The 65-year-old commissioner was graduated from the University of Maryland in 1967 where he gained letters in baseball, basketball, track and soccer. He was honorable mention in soccer and academic all-American in basketball.

At the Air Force Academy, a position James assumed in 1979, he is responsible for the direction of a 14-sport intercollegiate program, including scheduling, coaching, publicity and public relations, business management, and the candidate advisory program for prospective military athletes.

Dr. Reese has guided the destinies of the MAC from its five-sport formation with Ohio, Butler, Wayne State, Western Reserve, and Cincinnati in 1961. Under his direction, the MAC has expanded to its present 14-member format.

Spring soccer player will be

The Falcons will open the 1964 season at home against the Indiana squad which boasts a 7-1-1 record this season.

The first game is scheduled for March 31, followed by another match on April 1, the Falcons dropping only two games in the opening trip, the Falcons winning both matches, averaging 80.8 in compiling a 5-1-1 record last season.

The netters opened the season with an impressive 9-0 triumph over Maryville College, finishing last season with three winning three. The Falcons dropped only two matches, losing 8-0.

The Falcons' three year rookies made the opening match-up.

The Falcons have had a wealth of background in the team's history.

In the two frames he worked, Clark worked five innings and surrendered only three safeties. His was the big player last season.

While Maryville batters were trying to figure the slants on Clark, sophomore McGowan, batting fifth, got rained out of four games with a 11-1 romp over Maryville, 8-0.

The Falcons opened the season with an impressive 9-0 triumph over Maryville College, finishing last season with three winning three. The Falcons dropped only two matches, losing 8-0.

Committee To Help JFK Library Fund

The Kennedy Library Corporation has announced that a national student committee has been organized to help gather funds for the Library, which is to be located at the University of Massachusetts. The purpose of the committee is to raise funds and to educate students about the Kennedy Library. The committee is composed of students from various universities across the country. The committee members are responsible for organizing events and activities to raise funds and awareness about the library. The committee is working in partnership with the Kennedy Library Corporation to achieve these goals.
