Nixon lawyer to enter hearing

Tycoon sheds doubt on Mitchell’s claims

NEW YORK (AP) — Injunction type W. Clement Stone, 17-year-old defendant in the $10 million lawsuit alleging negligence against his father W. Clement Stone Jr. and his father-in-law, former Army Gen. John Mitchell, was in court today to enter a pleading of not guilty.

The case is being tried in federal court in Manhattan, where the family’s attorneys say they will present evidence to show that the elder Stone was not responsible for his son’s injuries.

Stone, who was 17 at the time of the accident, was allegedly thrown from a helicopter during a flight over the New York area.

Nixon promises to find the truth about the Watergate scandal

WASHINGTON (AP) — President Nixon promised yesterday to find the truth about the Watergate scandal, but said he could not tell Congress how long it would take.

"I won’t tell you how long it’ll take," he said. "I’ll tell you when it’s done."

The president’s promise came as the House Judiciary Committee began its hearings on the scandal, and as the Justice Department announced it would try to file charges against fired or resigned Nixon aides.

"I don’t think I’ll ever say the word ‘Watergate’ again," Nixon said. "I’ll say it’s a word that will mean ‘Watergate.’"

The president also said he would not stop the investigation until the truth was known.

"I’ll do whatever it takes to bring this thing to an end," he said. "I’ll do it because I believe that the American people want to know the truth and I haven’t seen any reason to believe that they don’t want to know the truth."
LETTERS

Congratulations to the Kohl Hall "Aquaman" swimmers for their fine efforts. Kohl Hall defeated the Big Fish, the fraternity champs, as well as the other divisions which participated. Kohl Hall could have been defeated by the Big Fish, but a novel approach to swimming enabled us to win. In place of the usual 50-meter freestyle relays, the swimmers were placed in a 10-foot by 10-foot square which could be dimly lit. The swimmers in each relay were in the water to their knees and were allowed to swim in any direction. The swimmers were allowed to catch each other, and the team with a winner in the last leg of the relay was declared the winner.

good vs. evil

The Bible, especially the New Testament in Ephesians 5:11 "put on the whole armour of light" is filled with reminders of the importance of separating our lives into two parts, light and darkness. The old world is gone and the new world has dawned. All should make the effort to put on the whole armour of light, to keep the light shining brightly in the midst of the darkness. Evils hide in secret, but goods are displayed in the open. We must beware of the evil that surrounds us and strive to live a life that is known and recognized as good.

boto concert

Mishandled.

I am writing in regard to the mismanagement of the Buchanan Turner Concert held Friday, May 9th in the Memorial Hall. I'm not even going to talk about the concert that was held 2 weeks before in the fellowship hall. I am 153 pounds and weigh 175 pounds. Good luck in all things and I hope to see you in the future.

nigeria: a developing nation

Nigeria has realized the heavy cost of war with Britain and has begun to take steps towards reconciliation. Nigeria has a minster of state for fisheries and their main objective is to develop the fisheries industry and increase the country's fish production. The country has about 1,500,000 fish farms and the fisheries department is working towards increasing fish production to meet local demand. The government is also investing in aquaculture and has established several fish hatcheries. The country is also working on developing a sustainable fisheries policy to ensure the long-term viability of the fisheries sector.

Nigeria has also made efforts to promote the development of the maritime sector. The country has a ministry of maritime affairs and has set up several maritime development programs. The government has also invested in the development of port infrastructure, including the construction of new ports and the modernization of existing ports. The government has also signed several agreements with international partners to promote the development of the maritime sector.

Nigeria has also made efforts to promote the development of the oil and gas sector. The country has a ministry of petroleum resources and has set up several programs to promote the development of the sector. The government has also signed several agreements with international partners to promote the development of the oil and gas sector.

Nigeria has also made efforts to promote the development of the tourism sector. The country has a ministry of tourism and has set up several programs to promote the development of the sector. The government has also signed several agreements with international partners to promote the development of the tourism sector.

In conclusion, Nigeria is a developing nation that is making efforts to promote the development of various sectors of the economy. The country is working towards achieving economic and social development through the implementation of several programs and agreements. The country is making efforts to ensure the long-term viability of the economy through sustainable development strategies.
WASHINGTON - The Senate voted yesterday to limit further debate on a controversial campaign reform bill, clearing the way for its passage later today.

In the Senate on this same day, NATO repre-

sentatives took the line that the military, political and economic activity of the USSR and NATO countries be maintained.

However, more than 40 amendments are still under consideration, and the Senate will likely complete the bill's passage today.

Senator Frank (D-Mass.) said he felt there would be a chance for the Senate to pass the bill today.

He said action could even come this afternoon.

Majority leader Mike Mansfield (D-Mont.) said he hoped this would make it possible for the Senate to complete the Senate on debate.

The vote on the motion was 60 to 30, and the only senators who voted against the limit on debate were: the Senate on this same day, NATO repre-

sentatives took the line that the military, political and economic activity of the USSR and NATO countries be maintained.

He said the Senate would likely complete the bill's passage today.

Senator Frank (D-Mass.) said he felt there would be a chance for the Senate to pass the bill today.

Summer festival to combine arts

The University has the privilege of being the home of the annual Summer festival art center, off campus. The arts center is a center for the performing arts, theater, and dance. The festival will offer students in dance, film, theater, music, and art the chance to work with professionals and other artists.

The first Summer Arts Festival will be held on June 17. The festival will feature a dance program, an art program, and a film program. The dance program will feature performances of dance and film. The art program will feature exhibitions of art and film. The film program will feature screenings of films.

Pro cagers net dollars galore

The New York Knicks' superstar Walt Frazier commands a yearly salary of $300,000. His roommate Willis Reed, who had no knee problems the last couple of years, is making $267,000. Brevard's Bob Cousey, $225,000. Dave Bing and Jerry West, with their combined salary of $250,000, have more than the entire Falcons baseball payroll.

Bing, the Rochester Royals' one-time star, is the highest paid free agent in all sports.

Bing's salary is $100,000 a year. The American Basketball Association paid its highest paid player about $78,000 a year.

The Knicks also pay the highest price for free agency. The New York team paid $95,000 for Bing and $40,000 for Jerry West. The rest of the ABA paid an average of $16,000 for the two biggest names on the market.

The ABA offers Bing a chance to get back into the NBA with a team that is expected to reach the Eastern Conference finals.

Racerjet men need more games, competition—quick

The whole situation is climatic. In fact, the lack of competition is enough to make any coach wary, late in the season. The ABA and the NBA cannot compete on the all-out level. The lack of competition is enough to make fun of the idea.

The ABA is overmatched in talent. The league is not in a position to compete with the NBA in talent. The ABA has to work on that one. The BAA is in a position to compete with the ABA in talent. The BAA has to work on that one.

The ABA is in a position to compete with the NBA in talent. The BAA has to work on that one. The BAA is in a position to compete with the NBA in talent. The BAA has to work on that one.
