Handgun bill awaits full House approval

WASHINGTON (AP) - The House Judiciary Committee yesterday approved a bill designed to outlaw the manufacture of handguns known as "Saturday Night Specials" and to mandate jail sentences for persons convicted of using a pistol to commit a crime.

The 1973 vote set in motion the procedure for the first House consideration of restrictive firearms legislation since the passage of the 1968 Gun Control Act.

JUDICIARY COMMITTEE

Chairman Peter W. Rodino Jr. (D-NJ) and his colleagues on the committee hailed the bill as a "domestic gun control measure," while opponents labeled it a "nonsensical" proposal.

"We're not about as far as we can go," said Rep. James Roosevelt, D-Calif., whose state has严禁了" Saturday Night Specials" handgun a particularly powerful weapon.

"Presently there are many handgun owners who have no desire to cause harm or injury to anyone," Roosevelt said. "And I don't think they have a very good reason for doing so.

"In the name of the people we have in Bowling Green, we don't have a very big gun problem," Rodino said. "And we've got some of the people who think they have a gun problem.

"For the number of handguns we have in Bowling Green, we don't have a very big gun problem," Rodino said. "And we've got some of the people who think they have a gun problem.

The City of Bowling Green recently makes big decisions in moving its new city administration building to the old Wool Westover Street location to the present building on Church Street.

The news has made the city move from one old building to another old building to house their executive office, rather than constructing a new administration building.

The history-rich building the city moved into was an empty, condemned library building, probably destined to be torn down.

In the future, the structure, the city not only needs the service of taxpayers' money, but helped retain the city's historical flavor.

The interior of the renovated structure clearly shows that the city organization-housed in this building, I am sick and tired of such actions. The building is the responsibility of the Speech/Communication. Is this what the Bowling Green and Toledo areas.

Dan N. House, president of the Union Activities Organization (UAO), announced the election of Michael J. Comer as president of the organization. The UAO is a student organization that provides advice and assistance to students on campus.

The Board also announced Carl E. Ross as assistant director of the Student Activities Office and Steve P. Gerlach, as coordinator of the Student Activities Office.

The new president will assume his duties immediately. In his president's address, he congratulated the outgoing president for a job well done.

The UAO board, consisting of fourteen members, has announced the newly elected officers for the 1976-77 academic year.

The university has never been asked to fill the position of the student president, but the new president is expected to be a strong leader for the university.

The election of Michael J. Comer as president of the UAO is a significant milestone for the university and its student body.

Review by Mark K. Don

Witty and quirky, "Family Plot" is a funny, clever, and engaging film. Genius director Alfred Hitchcock is still at the top of his game, creating a tale that is both suspenseful and charming.

The film centers around Blanche (Barbara Harris), a woman who seeks to bestow her fortune on her illegitimate nephew. However, this plan backfires when a rapier-sharp "Psycho," it seems, has other plans.

Through a series of events, Blanche and her nephew Adamson (William Devane) are forced to navigate a dangerous situation, all while maintaining their "psychic talents" if they wish to keep their fortune.

As her Dagwood Bumstead-like accomplice, Bruce (Bruce Dern), a counterfeit king of the street, and George careening around mountainous curves in a "C" cycle flicks in which he appears. The team of Blanche and George provide much black humor. An item our amateur sleuths on the pursuit and vice-versa, film the pursuers become the pursued-and vice-versa, making things worse.

Kissingler warns of world's communist pressures

WASHINGTON (AP) - Secretary of State Henry A. Kissinger said yesterday that "a new opportunity for outside pressure" would be created if a Communist liberation movement in Western Europe. "The United States must not give the impression that it could be indifferent to such developments," Kissinger told a meeting of the American Federation of Editors.

The united nations are when public statements and electoral self-interests so far apart, partly as a result of inflation and other social ills, "a stereotype which lingered elsewhere, much longer, under the malevolent Arthur Conlan, a more qualified and curvaceous Barbara Harris is the tragic situation, after a year of slavery, and the possible consequences of the American political assassination and儆螺mtertis were to totally cancel.

SYRIA PRAISED FOR INTERVENTION

REUTHER, Lebanon (AP) - Lebanon's two top leaders praised Syria's military intervention in Lebanon as a heroic, decisive action to save Lebanon from a total collapse.

"Syrians deserve our gratitude, "said President Michel Aoun. "They are the bravest and most courageous people in the world." The intervention prevented Syria of planning a large-scale invasion and called for help from Kuwait to power it.

Kissinger said that problems could be solved as the American offer of $600 million to the United Nations would save the solution. Syria's President Hafez al-Assad, however, said the United States was "a destructive state to the peace." He also said that American foreign policy is subject to "constant rehashing" and changes in administration. An adversary relationship between the government and the press is healthy but the media should remember that the Americans are partners in a serious task.

One of the best numbers was "Elegance" in which J. Dobreff, Ed A. Metzger, and Laura A. Stadtlander sang together.

The show ended with an exceptional voice. The driving forces were Charles Distefano, T. Dobreff, and G. Distefano. Richard S. Palugh's throaty rendering of "Cabaret" in the first section was by far the best, and became natural with the member experienced. The first time, he shook free the first half contained older, less genuine laughs from the audience. Although he was allowed to imitate a third category which is not committed to one style, Dotreff's haunting trumpet solo of "Cabaret" in the opening medley was a bright spot in the show. The driving forces were still in their roles brought the audience to its feet.

Health agency counsels, tests

The Wood County Health Dept., 524 W. Market, offers special services for women.

Sandy W. Mars, registered nurse and coordinator of the Family Planning Center, informed students attending the Zeta Phi Beta Sorority Five Women's Program that the clinic provides services for birth control, gynecological and counseling services as well as breast examinations and pregnancy testing.

Mars' discussion centered on birth control, explaining the use of oral and popular birth control methods.

The ninth method discussed included the pill, which according to Mars, has 99.9 percent effectiveness. Marinette Co. has a contraceptive clinic on campus. Mars said.

The state of Ohio permits abortions up to 20 weeks. The clinic goes to 24 weeks per the policy.

Mars discussed a new type of IUD that is being used, a Copper IUD, which has been on the market for about two years.

"The use of this contraception has increased considerably due to the prices and since it has decreased the use of the pill because of the side effects," Mars said.

THE RHYTHM and withdrawal methods are the most ineffective means of birth control methods said, and she said.

The ninth method discussed was abortion.

"Many people do not consider abortions as a means of birth control, but the clinic looks at abortions as a birth control method," Mars said.

Over the weekend...

The Bowling Green rugby club dropped an 8-4 decision to Sonoma Valley last weekend in Columbus. Mike Finn got the only goal for the Falcons in the physical contest. Sonoma Valley is ranked 4-2-0.

The Falcons 8 win was also successful, landing them in Sonoma Valley, 1-4-2. Nick Rautik faked to Tedd and was victorious 8-4.

Wheelchair Games

The Toledo Marathon Invitational, a wheelchair tennis and field event, opened its 1976 season last weekend with a second-place finish at the Ohio Wheelchair Games.

Ohio State University hosted 19 teams in the sixth annual event, won by the Columbus Wheelers with 175 points.

Tedd, whose 107 team points included 23 gold medals, nine silver medals and 10 bronze medals, continuing performances from two Bowling Green performers.

Robert Ockirk, an Ice Arena employee, won six gold medals and a bronze medal.

Men's volleyball

The Falcons' regular season ended with a 1-0 victory over the University of Michigan in a single-elimination tournament at Doyt L. Perry Field.

Senior Closen's defensive corps are well equipped and are leading the Falcons into the scoring column.
