Pulitzer Prize winner forfeits $1,000 award, admits she fabricated story

WASHINGTON (AP) — The Washington Post announced yesterday that reporter Janet Cooke had surrendered the Pulitzer Prize and resigned from the newspaper because the feature story that won her journalism's highest honor was a fabrication.

The $1,000 prize for feature writing that was awarded to Terry Cooke in April was based on a story published Dec. 11, 1980.

The Washington Post yesterday that reporter Janet Cooke had surrendered the Pulitzer Prize and resigned from the newspaper because the feature story that won her journalism's highest honor was a fabrication.

Students urged to attend council meeting

Monday, April 30, will see the final reading and vote on the newly proposed city housing code for Bowling Green. I want to urge all students, faculty and other interested persons to attend this important meeting and show their support for this extremely important legislation. The meeting will be held at 8 p.m. in the Council Chamber at the City administration building.

This new code with its provision for routine interior inspection initiated by the City Housing Office will take the place of supervision of this local housing industry.ersons and other interested persons to attend this important meeting and show their support for this extremely important legislation. The meeting will be held at 8 p.m. in the Council Chamber at the City administration building.

This new code with its provision for routine interior inspection initiated by the City Housing Office will take the place of supervision of this local housing industry. The proposed city housing code comes down to an Oliverian's dream. The Council has heard the complaints that they just file an action with the City and place it with a "third party," the local housing industry, to get the job done. The Wood County Board of Supervisors is responsible for the day to day operation of this housing code. The Council must be given the power to inspect the units.

Opponents of the proposed city housing code contend that the present code is adequate to combat maintenance and neglect problems. However, the councilpersons and I suggest that the students with housing complaints that they just file an action with the City and place it with a "third party," the local housing industry, to get the job done. The Wood County Board of Supervisors is responsible for the day to day operation of this housing code. The Council must be given the power to inspect the units.

**Newsbriefs**

**Moore in hospital**

University President Hollis Moore Jr. is listed in serious condition in the Medical Center of Ohio Hospital in Toledo, according to a hospital spokesman. Moore, who has a brain tumor, was readmitted to the hospital April 6 after being released from the hospital March 30. Moore, 56, had entered the Medical College Hospital Feb. 23 for treatment of an infection. It was announced March 2 that a tumor had been found.

**Rape case investigated**

A case involving an alleged sexual assault on campus April 5 was referred to the Wood County Prosecuting Attorney's Office. University Vice President Richard Edwards on April 14 according to a report issued by the Prosecuting Attorney's Office.

**Office could not comment on any aspect of the case.**

**Income tax hassles**

Bill Costlow, a junior Radio-TV Film major, discovered this week is attending a conference of doctors and economists at the University of Virginia.

**Former hostage wants discharge from Army**

BOWLING GREEN, Ohio (AP) — Army Staff Sgt. Joseph Subic Jr., an Iranian hostage for 444 days and one of the first to return to military service, apparently wants to be among the first discharged.

The 39-year-old former Bowling Green resident "expressed the desire for an early discharge but has not put in the paperwork," Lt. Col. Tony Caggiano, an Army spokesman, told the Toledo Blade.

It is probably the Army would look favorably upon such a request in view of what Subic has gone through, Caggiano said.

**THE SOLDIER** reported for duty April 6 as an administrative specialist in the U.S. Army Intelligence and Security Command at Arlington, Va. Subic has repeatedly refused to grant news interviews.

YOU CAN WAIT YEARS FOR A JOB WITH RESPONSIBILITY, OR YOU CAN GET RESPONSIBILITY IN THE NAVY NOW.

A civilian job with responsibility may take years to obtain, even with a college degree. But if you meet Navy standards, after four months of Officer Candidate School (OCS), you can become a Navy officer. And that means lots of responsibility, a good salary and fringe benefits, including travel, post-graduate educational opportunities, 30 days' paid vacation earned annually, plus more.

If you're getting your degree now, contact your college Placement Office to find out when a Navy Representative will be on campus. Send your resume on or before:

VGNSCIL's basketball team got a fine performance from guard Amy Bottorff Tuesday night which was enough to give BG a 153-0 win over Kent State. The win for the Falcons was their second straight, the first coming after their record at 3-3.

BOWLING Green's defense played a strong game, allowing just ten shots on goal. But the Falcons were outscored 7-6 and fell short of victory.

The Falcons' defense was key, allowing just ten shots on goal. But the Falcons were outscored 7-6 and fell short of victory.

The Falcons will try to extend their two-game winning streak this weekend, when they will battle with Wittenberg and DePauw, in Grenada.

Reds expand cable TV

CINCINNATI (AP) - The Cincinnati Reds are taking their do-it-yourself approach to radio programming to television.

The Reds announced plans Wednesday for a series of networked cable channels for the city's two television stations. The games won't be seen within 100 miles of Cincinnati.

The Dispatch - Tuesday, April 28 will be the first televised in cable franchise to Ohio, Kentucky, Indiana, Virginia, and West Virginia.

Director of Broadcasting Jim Francis managed the experiment as a way to gain a foothold in subscription television, expected to increase in popularity within the next decade.

"We're watching with a great deal of anticipation the growth of the cable television," Francis said. "Our feeling is that perhaps this is an area where we should be getting into and at least exploring, until the waters."
