**Squads host competition**

By Greg Brown

The University's Army ROTC and Ponying Rifles Company C-11 hosted the 1st Ponying Rifles Company National Drill Meet. "The Honor and Credit Academy," as it's known, went to the University of Toledo.

Univeristies from as near as Toledo and as far away as Florida participated in the 11th annual competition. The competition took place at the Cross Sports Complex, and the drill meet advisor was Lt. Col. Vincent Rango.

The competition began with a 30-minute marching competition, and the University's army unit was among the top performers. The event was a great opportunity for the cadets to showcase their skills and represent their institution.

The competition featured various categories, including precision drill, individual events, and team competitions. The University's team had a strong showing, with several cadets receiving recognition for their performances.

**Increased number of students cast ballots**

University voters elect Baird, Washburn to USG

by Janet Boyer

It was an "emotionally draining and exciting experience." That is how Brian Baird described the campaign for the Undergraduate Student Government presidency. But all the hard work paid off, according to Baird, as he and running mate Karen Washburn were elected as the new president and vice president.

The results of the election were announced Saturday in Anderson Arena. The ticket of Baird, Washburn, and running mate Karen Washburn defeated the incumbent president and vice president, Mark Dolan, and John McBride.

Dolan, current vice president of USG, said he was pleased with the outcome of the election. "I have no regrets," he said. "We tried our best, and we worked hard to win this." The race was close, with Dolan winning by a margin of 268 votes.

Baird, Washburn's running mate, said the victory was a testament to the hard work and dedication of their campaign team. "We worked tirelessly to make sure that our voices were heard," he said. "We are grateful to the students who showed their support." The campaign involved door-to-door canvassing, phone banking, and social media outreach.

The campaign was not without its challenges. Baird, Washburn faced criticism from their opponents, who accused them of lacking experience and leadership. But they remained focused on their goals and worked to build a strong coalition of supporters.

The election was held on Friday, and the results were announced Saturday afternoon. The victory was a significant milestone for the new administration, and they will now focus on implementing their campaign promises and working with the University community to create a better student experience.

Companies begin utility shutoffs

(AP) - Utility service workers in Ohio began shutting off utility services to thousands of customers Friday. Rooks said the action was a result of the recent increase in the number of people who are unable to pay their bills due to the cold weather. The number of customers who have been disconnected has increased significantly since the beginning of the winter season.

In addition to shutting off services, the utility companies have been working to educate customers about the importance of paying their bills on time. They have been distributing informational materials and providing resources to help customers manage their utility bills. The companies have also been working to connect customers with financial assistance programs and other support services.

The utility companies have been working closely with local government officials and community organizations to ensure that those in need are receiving the help they need. They have also been emphasizing the importance of energy conservation and efficiency measures to help reduce the demand for utility services.

The companies have been working to improve communication with their customers, providing clear and timely information about billing and payment options. They have also been working to ensure that customers have access to the support they need to manage their utility bills.

The companies have been working to improve the payment process, making it easier for customers to make payments and ensuring that payments are processed accurately and timely. They have also been working to improve the customer service experience, responding promptly to customer inquiries and addressing concerns quickly.

The companies have been working to improve the billing process, reducing the number of errors and ensuring that customers receive accurate bills. They have also been working to improve the communication between customers and the companies, ensuring that customers have access to the support they need to manage their utility bills.

it is "nice" to women and not guilty of sexual harassment. Then the goose that laid the golden egg is printed: "Wrong professor of... You are guilty of sexual harassment."
Rodgers residents organize 'leapfrog' for charity

The event, organized by Gucker and Rodgers first floor resident Advisor Rich Rich, was a two-mile leapfrog to raise money for the Ronald McDonald House in Toledo.

Gucker said he and Noff were inspired to do an event, in which residents would compete to cover a common goal, creating a feeling of community and a sense of accomplishment among them. "You usually don't get a chance to be in a competition like this," Gucker said. "It also gives us an opportunity to meet the students who did participate in last year's event." Rodgers added.

This idealism turned into reality when it came time to leap at 3 p.m. Friday.

The event was organized by the Budget Committee. From there they reported expenses to the Faculty Senate, which will then approving the budget. The event is being planned for next year.

Budget walks a tightrope

By Nancy Beach

The budget for the current academic year will be nearly balanced, but the 1983-84 budget is in question, according to Dr. Richard Eakin, vice president for administration.

"We have to come out on the positive side, but we must be a balanced condition," Eakin said. Eakin also said the governor's bill allocating $195.5 million, the University had prepared for a more severe cut and thus ended up with enough money to make a slight increase.

However, Eakin said the same condition may not prevail for the 1983-84 academic year. "At this point it is very hard to estimate how much money we will receive and how much will be spent," Eakin said.

The state government will be considering a budget bill that includes appropriations for operating expenses for the University and other state institutions. Richard Gucker, governor of Ohio, has formulated the bill, which is expected to change in the Ohio Legislature, Eakin said.

"The governor is not aware of the governor's bill allocation as of the moment," Eakin said. "We hope that we will have a decrease in operating condition, but we believe that we will not have a cut." The governor projects a surplus and a deficit elimination of the University will be $4.5 million. University estimates are too low to support the budget. Last year, the University received more than $25 million, after the budget cut.

Another cut which can only be estimated in the expense budget is the amount of money each department will receive. For example, special education at the University will be $8.3 million. University estimates are not as high as the governor's expectations, as are other departments, and the governor has set a deadline for the February Board of Trustees meeting, when a new budget process will be implemented to estimate such cuts. Eakin said.

"The departments will report to the colleges, and the colleges will then report expense to the Faculty Senate Budget Committee and the University administration," Eakin added.

"The colleges and departments will be responsible for keeping records of money that will be received from outside sources such as interdepartmental payments that have not yet been declared upon." Eakin said.

Rodgers residents organize 'leapfrog' for charity

The American Lung Association at Northwest Ohio will sponsor the second annual Rodgers Leapfrog for Charity.

"We hope to create a fun atmosphere to support the event," Gucker said. "This is our first year of organizing an event to support the Ronald McDonald House, which provides housing for families of children in need of long-term care at one of the Toledo hospital's special care facilities. It also sets a good tone for the annual Ronald McDonald House fundraising event." Gucker said.

"People don't participate like this year because they thought it would be too weird but now that they've seen how much fun it can be, they're all gang-bang for next year," he added.

The Taylor Wine Presentation with Jack McKenzie Tuesday April 19 8 - 11 a.m.

"Good evening, ladies and gentlemen," said Jack McKenzie. "Well, the BG News is April 19, 1983. 3."

"Super 2 Fer Special" Tuesday thru Saturday

Buy one item at regular price — select second item (same price or less)

Choose from blouses, skirts, knit tops, skorts, mini skirts, shorts, pants, vests (over $50 pieces in this group)

Free Flyer with any Price Destroyer™!

Dominos Pizza Brakes through with The Price Destroyer™!

No ordinary pizza, The Price Destroyer™ is a dynamite combination of nine items priced at a lower price, all for a special price.

And you can get a free Flyer with purchase of any Price Destroyer™ "minute pizza" spoken necessary, or any other 2 for 1 deal that includes a "minute pizza" and supplies last at these participating locations:

- Toledo Area
- Parma Area
- Middleburg Heights
- Beachwood
- Ursuline

Check your Yellow Pages for the location serving you!

30 minute challenge

If your pizza does not arrive within 30 minutes, we'll give you a free Flyer to the driver for 50.00 off

Fast, Free Delivery" Good at participating locations.

New ordinance protects water

by Jeff James

An ordinance which will
provide an effective means
to protect the public water
system from contamination
due to backflow of
contaminants was passed
last night by City Council.

An ordinance which will
provide an effective means
to protect the public water
system from contamination
due to backflow of
contaminants was passed
last night by City Council.

The Environmental Pro-
tection Agency urged the
City Council to adopt an
ordinance which would
make it illegal to open
valves at any water main
in the area of a building
where a backflow of
contaminant is suspected.

The ordinance will be
enforced by the Director of
Utilities to protect the
public water system from
contamination.

contamination.
Americans die in blast

REHDER, Lebanon (AP) - A pickup truck packed with explosives blew up the seaside embassy of the United States in Lebanon yesterday, and Lebanese officials said at least 39 were wounded.

A police official said five American deaths had been confirmed and six other U.S. Embassy workers were missing. He said 21 Americans were wounded.

The explosion, which occurred at the U.S. Embassy's main seven-story facade of the seaside embassy was blown out by 500 pounds of explosives packed into a pickup. "This criminal attack on a diplomatic establishment will not deter us from our goal of peace in the region."

U.S. Ambassador Robert Dillen, who was preparing to get in when the pickup truck exploded, was extracted by climbing out onto a balcony, then re-entering office by climbing out onto the rubble of his top-floor office. He suffered minor cuts and said the bomb-laden vehicle may have crashed through a barricade.

President Reagan praised Dillen's courage.

The U.S. 6th Fleet helicopter carrier Constellation cruised to a position facing the Beirut harbor as U.S. Marines and French and Lebanese troops sealed off the area.

The U.S. and French peace in the region. "This criminal attack on a diplomatic establishment will not deter us from our goal of peace in the region."

A MAN representing Moslem Holy War, claimed responsibility.

THE SENATE EXECUTIVE COMMITTEE is supporting the revised Charter because it believes that the integrity of the present Charter has been maintained and the revision significantly enhances faculty rights and greatly strengthens the faculty's role in academic affairs. For example:

- Faculty security has been increased by strengthening the concept of tenure, e.g., adding the AAUP statement on tenure and removing the "loop-hole" phrase related to termination under certain conditions.

- Authority and responsibility of faculty vastly increased for academic matters through structuring of an Undergraduate and a Graduate Council and a Senate Committee on Academic Affairs.

- Direct faculty involvement required in annual informal evaluation of the administration of the deans and the Vice Presidents of Academic Affairs and Student Affairs.

- Through a new Faculty Senate Finance and Budget Committee, direct recommendation for the allocation of University resources.

IDENTIFYING PRIMARY REVISIONS WILL BE ATTACHED TO THE DOCUMENT DISTRIBUTED APRIL 21. IN ADDITION, A SPECIAL ISSUE OF THE MONITOR WILL FOCUS ON THE REVISIONS.

*THE CHARTER REVISION IS A DOCUMENT PRODUCED BY A LARGE (24) AND REPRESENTATIVE GROUP OF FACULTY WHO WENT BEYOND THE PRESIDENT'S PROPOSAL TO ADDRESS THE CONCERNS OF FACULTY RELATED TO THE PRESENT CHARTER.

TO THE FACULTY-

EXECUTIVE COMMITTEE

TAKES THIS METHOD OF COMMUNICATING BECAUSE OF THE IMPORTANCE OF INFORMING AND CLARIFYING REGARDING THE ACADEMIC CHARTER REVISION

PROCEDURES FOR REVISION

THE SEC IN SETTING FORTH THE PROCEDURES FOR REVISION HAS ENDEavored TO ADHERE TO THE LETTER AND SPIRIT OF THE CHARTER.

- The Senate will vote Tuesday, April 19. If approved, the 15-day waiting period before Senate action becomes effective will occur as usual.

- THE SEC DEEMED THE VOTING ON A REVISED CHARTER SO IMPORTANT THAT IT DECIDED IT WAS MOST APPROPRIATE TO GO DIRECTLY TO THE FACULTY IN REFERENCE. If the revised charter is approved by the Senate it will be distributed to the faculty through campus mail on Thursday, April 21 with ten days to return the ballot May 3.

- If the faculty approve the revised Charter, the President will take it to the Board of Trustees. It may be submitted for information purposes in May, but possibly the new fiscal year, July 1.

- Through a new Faculty Senate Finance and Budget Committee, direct recommendation for the allocation of University resources.

- Meanings of technical terms

- And many more

Sponsored by:

Too many docs?

COLUMBUS (AP) - The Ohio Board of Regents will be hearing today from the state's medical school leaders, who disagree with the regents' view that Ohio is producing too many physicians and women are not shy about their desire to become doctors.

Leaders of the seven state-supported schools were to attend the regents' meeting here at Miami University in Oxford.

Dr. Richard Ruppert, president of the College of Ohio, said he was troubled by the number of medical schools that are opening in Ohio.

"There can't be any surplus," he said.

Improvement in the nation's jobless rate normally lags behind the beginning of recovery from a recession, with companies generally seeking to rush back into full production before they think the recession is really over.

"But the improvement has already started on a 1.1 percent in February - "but the recovery is going to be slow," he added.

Robert Ortner, the Commerce Department's chief economist, said "the gains in production and capacity utilization are effectively burying the 1981-'82 recession." And he said with production lines running, factories should continue to increase their use of labor.

The new Federal Reserve Board report said the factory use rate for the auto industry slipped a bit in February, but "it is still at a level that is very low." Ortner said the level could well continue.

The last time overall manufacturers' gains were this strong was last August when it was a 1.1 percent, yesterday's report said.

The rate was 8.0 percent when the recession began in July 1981, and it has dropped to 4.1 percent last December, the apparent low point of the downturn.
Police detain former Solidarity leader

WARSAW, Poland (AP) — Police detained and questioned the militant Solidarity leader Lech Walesa yesterday after stopping their car near the road to Warsaw, Walesa's wife and the cler-

Veriion: 1983-04-19

The Roman Catholic priest, who celebrated Mass inside the Gdansk shipyard, was released after about 15 hours, along with his driver, said Jankowski. Walesa later was released after about 5V2 hours, along with his driver and well-known activist Wojciech Duryasz, also in the car. "I was questioned about everything and nothing," Walesa said.

Falcon nine split with Rockets as BG hitting comes and goes

by Tom Hinck assistant sports editor

The Bowling Green softball team accomplished a fast last weekend which was an improvement from last year's sports season. That's because the Falcons went 2-0, 8-7 against Toledo, and 13-3 and 8-7 against the Rockets in a non-conference double header.

The Falcons were at home last weekend, after having a two-day break due to weather last Friday and Saturday. The Falcons were the starting pitcher in the first game set last Friday and Saturday, as well as the starting pitcher in the second game of the double header.

**Outing of the week:**

The Falcons' left-handed pitcher, Joe Bryant, pitched a complete game, allowing only two runs, seven hits, and striking out ten batters. Bryant did not walk a single batter in the game, and only allowed one earned run. The Falcons' catcher, Pat Streiff, threw out two runners at home plate, and the Falcons' first baseman, Dan Carr, had a total of five hits in the game.

**Key plays:**

In the first inning, the Falcons scored six runs, enroute to 13-3 and 8-7 victories. In the second inning, the Falcons scored seven runs, enroute to 13-3 and 8-7 victories. In the third inning, the Falcons scored six runs, enroute to 13-3 and 8-7 victories.

**BRIEFS**

**Linksters finish sixth in Kepley**

Falcon softballers lose at Eastern

**MAC Invitational:**

The Falcons' softball team finished third in the three-day Central Michigan Invitational at Mount Pleasant, Mich. Several Falcons also had good individual performances.

**BRIEFS**

The Falcons' next meet this Saturday at 3 p.m., when they host Ohio University and Ball State at Whelk Course.

**Tracksters at Kentucky**

Four members of Bowling Green's men's track and field team placed in the top eight in the Kentucky Relays.

**Follow-up of the week:**

The Falcons' men's track and field team placed in the top eight in the Kentucky Relays.

**Falcon softballers lose at Eastern**

by Steve Mason sports editor

While Bowling Green's hockey team has a good chance of making the playoffs for the first time in their four-year history, the Falcons have also accomplished a fast last weekend. The Falcons went 2-0, 8-7 against Toledo, and 13-3 and 8-7 against the Rockets in a non-conference double header.

The Falcons were at home last weekend, after having a two-day break due to weather last Friday and Saturday. The Falcons were the starting pitcher in the first game set last Friday and Saturday, as well as the starting pitcher in the second game of the double header.
