When an emergency strikes, the University has various resources from AlertBG to digital signage to inform students, faculty and staff and ensure their safety.

In the event of an emergency, you’ll get concise texts directing you to stay away from areas . . . “Along with text, there’s a mass email that’s sent out.”

Besides a mass email, the University’s website will display a message to inform students in the event of an emergency, he said. Digital signage on campus will also change depending on the emergency.

“This basically informs the students and faculty that there is a campus that they should stay away from,”

The Jerome Library Authors and Artists Celebration was held throughout Wednesday, highlighting faculty and staff for their scholarly and artistic achievements. More than 1,400 authors, artists, musicians and others were nominated by the Chairs of various departments check out the Curriculum Resource Center on Wednesday, said Kathy Freyaldenhoven, assistant dean of students.

“Last year we had about 1,200 people attend, but people usually just come the day of.”

Students had to be registered by last Monday but are able to register through the weekend either online or at the front desk of the Student Union.

“So far we have about 800 students registered, but I’m pretty confident that more will arrive,” Freyaldenhoven said. “Attendance is usually greater than what is registered.”

The weekend’s events will include a family photo booth.

Campbell said, "That being said, I think we need to come up with new ways for people to be able to react to the event of an emergency." Depending on the type of emergency, these are all different parameters set up. Campbell said. For example, in the event of a tornado, sirens would sound on campus and an AlertBG text message would be sent out. In such an event students should check their media outlets for updates as well.

University Police sheriff's officer Jean King, training program called "Recognizing and Caring for Individuals in Dangers," available for students, as well as faculty and staff. The program helps individuals recognize someone who is in distress or displaying strange behavior and learn how to respond to such behavior.

"Sometimes people have trouble in knowing what to do and whether or not to get involved and how to react to it," Campbell said. "The program teaches people things to look for.

In addition to the program, the police also offers ALICE training, which is a training program for an active shooter scenario. "ALICE" is an acronym standing for Alert, Lockdown, Inform, Counter, and Evacuate. Campbell said. The training gives a person who is caught in such behavior.

SIBS N'KIDS WEEKEND

CAMPUS BRIEF

The big top comes to the Student Center The Student Center will be hosting the Piccadilly Circus Friday night at 4:30 and 7:30 p.m. in time for Sibs N'Kids Weekend. The Piccadilly Circus, which got its name from the London Center, has been around for generations and features a wide variety of acts, said Penny Hamilton of marketing and promotion for the circus. The show includes features such as elephants, white tigers, contortionists and "Pigs on Maternity," where a pig gives birth around in a small, enclosed hamster maid.

The circus provides handstands, live entertainment that can be enjoyed by a lot of different audiences, she said. According to a press release from the University's athletics website, tickets start at $30 for adults willing to allow children's ticket sales.

One event this weekend includes the University's athletics website, tickets start at $30 for adults willing to allow children's ticket sales.

According to a press release from the University's athletics website, tickets start at $30 for adults willing to allow children's ticket sales.

The Stroh Center will be hosting University Law at 6 p.m. Both are housed Saturday.

"We want to do something for the sport events and parties," Murphy said. "We want to do something for the sport events and parties."

Murphy believes this weekend event is something that can be beneficial for students and siblings to bond with one another.

"I think this weekend helps students create family bonds and sense of belonging to the University when being involved in the campus traditions," Murphy said.

Freyaldenhoven agrees with Murphy that family bonding is something you can't avoid when participating in Sibs N'Kids.

"It's a neat time to show the University from a student's point of view," Freyaldehoven said. "It helps show what it is like to be a Falcon."

Daniel Murphy, the Graduate Assistant in the Office of Campus Activities, is also helping advise the Sibs N'Kids student committee.

"The students themselves are the ones who plan the weekend. I just help make sure they are on track with doing everything that they need to do," Murphy said. "I also do behind the scenes stuff such as making the schedule and the marketing communications."

This is a University-wide event that has help from other organizations too in order to help make this weekend happen.

University Activities Organization is one of the main organizations on campus that helps coordinate the weekend. UAO has an estimated bud- get of $1,300 to spend. Freyaldehoven said. "UAO and Sibs N'Kids put on a lot of the events, but at the same time other organizations who want to be involved help out and put on events as well," Murphy said. Every year, Sibs N'Kids event coordinators send out an email to every organization, and if they would like to participate they can.

"We also host information meetings for every- one and give them a pro- posed for them to set up an event," Murphy said. "Without the help of every organization, this weekend would not exist."

Junior Clark Jacobs looks forward to this weekend every year.

"When my sister invited me to Sibs N'Kids, well, we had a lot of fun together," Jacobs said. "We went to some of the sporting events and parties."

The People's Republic of China's past help illuminate the United States of America's present political culture which seems in demand, ideological purity among its policies and personal purity among its policy makers.

While it's a bit cliché to say that American political culture is more divided and extreme ideologically than ever before, it should be pointed out that ideological purity among Congressmen are divided ideologically to an extent that's unprecedented in recent history.

And while it's harder to prove with scientific certitude that all other aspects of the American body politic see just as plagued by calls for "purity," it's also hard to deny that assumption if you follow politics even on the slightest depth.

At this point you may be asking what China could offer America in regards to this issue.

To which I'd say that the administrations of Mao Zedong and Deng Xiaoping can serve as interesting case studies in illuminating, and perhaps propositional solutions to, our current political and cultural problems.

In regards to Mao, despite the woe in which he is currently esteemed for his perceived achievements in China, he made it clear that he pursued a policy that perpetrated great discourses against the Chinese people. This policy could best be summed up by the Maoist slogans of "Better Red than Expert."

As the motto of the slogan suggests, ideological purity (being "Red") was prioritized over expertise in a given subject (economics, public administration, etc.). Some could even insist that this is so high that Americans should fear going any near the direction of ideological convictions trumping practical and pragmatic policies.

And while there is no problem with the China that we've respected ("Better Red than Expert.") I'm not saying that Americans would ever suffer from coming goods in far Guard garb, hosting imag-}

Rachel Provoll went a perfect 7-for-7 in the Falcons' first game victory over Detroit Mercy on Wednesday before splitting the series by game two.

Provoll led the Falcons in offense with three singles as well as a stolen base. Shelby Fink and Kaitie Yohe also damaged with two hits each as the Falcons prevailed in game one 6-4.

It was the first game that started first in the opening inning in accordance with two big runs. The Falcons picked up the pieces and quickly responded at the plate by scoring those runs in the bottom of the first.

The two teams remained scoreless until the top of the fifth inning when Detroit hit a three-run home run to give them a 3-0 lead. The Falcons again responded with a hitting of their own in the bottom of the inning by adding those runs led by doubles by Yohe and Fink, going the lead back and widening the home run. The Falcons remained in game two; however, as Falcons pitcher Kaitie Yohe allowed eight hits and three earned runs. 

BG softball splits weekend doubleheader with Detroit Mercy College. Over the last couple of games, the Falcons have since scored their last two in a convincing fashion. This past weekend they took down the Toledo Rockets, a sister team match with a host of former BC alumni.

The Falcons beat the top-seed wire wire 6-4 at the end of the season at that position. Leading the way in that regard has been University of Michigan transfer Karl Johnson, who emerges as the back of Michigan on Saturday and Sunday. In a doubleheader before starting Mid-American Conference play on both sides of the ball, but particularly out of lost possessions and lineouts," German said. "I think for us to get better we need to really get organized out there, especially out of lost possessions and lineouts."

Our team waits for Samuel to return. While he is expected to be 100 percent by May, Samuel has struggled with injuries in his BG career. Additionally, the Mid-American Conference has released the National Championship at

The men's golf team will look to win another tournament in Big Ten country this Saturday and Sunday at the Ohio State Intercollegiate at the Ohio State University Golf Club at the Ohio Golf Course. The Falcons will lead the pack at the tournament that will consist of 36 holes on Saturday and 18 holes Sunday. Both days will have shotgun starts at 8:30 a.m.

The Falcons are coming off their first spring and second overall winner of the 2011-2012 seasons at the Rutherford Intercollegiate. All five Falcon golfers finished at least tied in the top 21. Parker Hewitt led the charge with a 72-69 that earned him a share of fourth place. It was Hewitt's third top-ten finish this year.

Trent Hurley transferred to Delaware this season from last season at that position. Cooper, the Falcons will need to embrace the majority of Kamar Jordan and Eugene 1-A. The Falcons again earned runs.

Coming off Michigan win, BG looks to end conference losing streak

By The BG News Sports

Coming off a big win against Michigan, the BG baseball team will look to snap its three-game conference losing streak as it hosts Kent State.

The three game series begins Friday with a 3 p.m. start, while Saturday and Sunday’s games are scheduled to begin at 1 p.m.

Last time out, the Falcons slipped past the Wolverines, led by seven strong innings from Devon Binglow. However, BG con-
tinued a recent trend of offensive struggles.

Since it scored 10 runs in April 4 against Defiance, BG has scored only six runs in four games. The Falcons are 1-3 during that stretch.

Malowitz as the starter for Friday’s opener. He received the Friday start last weekend against Akron, picking up the loss despite a strong outing. He tossed 6 1/3 innings, allow-
ing three runs on four hits and a walk.

He replaced Cody Apthorp, the Falcons’ normal Friday starter. Apthorp hasn’t pitched since March 30, when he went 8 2/3 innings against Central Michigan, but left the game after getting hit by a line drive.

Malowitz, a fifth-year senior, has had a strong rebound season after a sig-
nificant arm injury derailed a promising season in 2011.

SPECTS

Rugby club puts recent record on the line against OU Bobcats

By Alex Moseholle

The BG rugby club seems to be coming together as a unit. After losing 3-1 in its first six matches, the Falcons have shown that they too can be a competitive force. This past weekend they took down the Toledo Celts, a senior men's team with a host of former BG alumni.

The Falcons hosted the series opener, and while they did not score, they showed that they were prepared to compete. The game was close throughout, with each team scoring a try in the first 30 minutes. The Falcons then managed to break through with a try in the second half, securing the win and proving that they are capable of competing at a high level.

This victory is significant for the Falcons, not only because it is their first win of the season but also because it shows that they are learning to work together as a team. The players are showing improvement, both individually and as a group. The coaches are making adjustments based on what they see on the field, and the players are responding positively.

Looking ahead, the Falcons face a challenging schedule, but they are determined to keep improving and competing. The focus is on learning from each game and using that knowledge to improve for the next match.

Football team hosts annual ‘Orange and White’ spring game

By The BG News Sports Staff

Wrapping up spring practices, the BG football team will be hosting its annual “Orange and White” spring game Friday night at Doyt Perry Stadium. Kickoff for the game is scheduled for 7 p.m.

Unlike past years, where the game would be scored offense vs. defense, the squad has been split up into two separate teams. The Falcons held a draft for the game earlier this week, with quarterback Matt Schilz (orange) and defensive tackle Chris Jones (white) serving as team captains.

Standard scoring rules will be used for the game, while standard clock rules will be used for the first half. An expense pitching clock will be in place for the second half.

Additionally, getting Millstone Conference Pedestal of the Week recognition is a chance for the Falcons to figure out the多名 teams currently contending for the majority of spring practice after the season is over in March.

While he is expected to see more in his new role, Samuels has struggled with injuries in his big game. However, he missed the fourth game last season with separate head, shoulder, and leg injuries.

John Pettigrew, Jamel Martin, and Alex Carter have exceeded the majority of expectations coming back to school.

We will be hosting a live chat from the spring game. Head to our sports blog at http://www.BGNewsSportsBlog.blogspot.com, or search us on Facebook or Twitter to find the link to the chat.

BG softball splits weekday doubleheader with Detroit Mercy College

By Ethan Eustavious Reporter

Rachel Proehl won a perfect 3-0 win in the Falcons' first game victory over Detroit Mercy on Wednesday before splitting the series in game two.

Proehl led the Falcons in offense with three singles as well as a stolen base. Shadie Fink and Katie Joff took added damage with two RBIs each as the Falcons prevailed in game one 1-0. It was The Titans that scored first in the opening inning in accordance with two RBIs. The Falcons picked up the pace and responded at the plate by scoring three runs in the bottom of the first.

The two teams remained scoreless until the top of the fifth inning when Detroit hit a home run to give them the 3-0 lead. The Falcons again responded in the bottom half of the inning by stacking three more runs led by doubles by Fink and Flann, giving the lead back and adding the 6-4 win.

The Falcons remained in true form, however, as Falcons pitcher Jami Kostel allowed eight hits and three earned runs. BG struck late into the fifth inning, scoring their only run of the game. Eric Glaeske led off with a single before being pulled for pinch runner Courtney Cox. Proehl would eventually bring Cox home with a single right down the center of the field.

Detroit immediately responded with three runs of their own off of just four hits in the top of the fifth, giving them the 3-1 lead and eventual win.

The Falcons will regroup as they continue their home streak with Mid-American Conference play on Friday against Eastern Michigan as a doubleheader before starting the weekend series against Central Michigan on Saturday and Sunday.

From a defensive standpoint we as a group have to do a better job of getting organized out there especially out of lost possessions and lineouts.

Ed Luther | BG Lock

work in practice on the communication part of playing defense. Although this problem is alarming with regard to Tony Mazurczak's attention to detail, look for the Falcons to fix it corrected by next weekend.

On a side note, the Falcons are still waiting on word from USA Rugby to see if they will make it to the six team battle for the National Championship at the end of the month. This tournament is composed of thirteen conference winners and three at-large bids.

The Falcons lost their conference to Dartmouth back in the fall, but there is a very good chance they will receive an at-large bid.

Falcons look to continue success in Columbus

By Mitch Andrews Reporter

The BG men’s golf team will look to win another tournament in Big Ten country this Saturday and Sunday at the 39th annual Robert Kepler Intercollegiate in Columbus, Ohio.

Ohio State will host the event at the Scarlet Course in Ohio State University Golf Club. The tournament will last for two days with 36 holes each day that will consist of 36 holes on Saturday and 18 holes Sunday.

The Falcons have carried over momentum into this past week and look to continue their winning streak of 12-3-2.

The Falcons are coming into its own as of late. They take down the Toledo Celtics, a Big Ten team, by a final score of 38-10. They look to carry that momentum into Athens, Ohio this weekend as they take on the Ohio Bobcats.

The Falcons are coming off their first spring and sec-

end overall victory of the 2013-2012 season at the Battersfield Intercollegiate. All five Falcon golfers finished as at least tied for the top 21. Peter Hewitt led the way with a 225 that earned him a spot of fourth place.

It was Hewitt’s third top-ten finish this year.

Coming off Michigan win, BG looks to end conference losing streak

By The BG News Sports

Coming off a big win against Michigan, the BG baseball team will look to snap its three-game conference losing streak as it takes its turn in the MAC.

The three game series begins Friday with a 3 p.m. start, while Saturday and Sunday's games are scheduled to begin at 1 p.m.

Last time out, the Falcons slipped past the Wolverines, led by seven strong innings from Trevor Apoljć. However, BG continued a recent trend of offensive struggles.

Since it scored 10 runs April 4 against Defiance, BG has scored only six runs in four games. The Falcons are 1-3 during that stretch.

BG will turn to Matt Malewitz as the starter for Friday's opener. He received the Friday start last weekend against Akron, picking up the loss despite a strong outing. He tossed 6 1/3 innings, allowing three runs on four hits and a walk.

He replaced Cody Apoljć, the Falcons' normal Friday starter.

Apoljć hasn't pitched since March 30, when he went 8 2/3 innings against Central Michigan, but left the game after getting hit by a line drive. Malewitz, a fifth-year senior, has had a strong rebound season after a significant arm injury derailed what was once a promising season after a significant arm injury derailed what was once a promising season.

Since its Big Ten debut in 2011, Malewitz has endured two separate stints on the DL, and has pitched primarily as a reliever.

Malewitz's left arm is still bothering him a bit, but he is doing well and he should be fine. Malewitz said the Falcons have enjoyed having the team in town for the past week and a half.

"It's been good to see everyone get along," Malewitz said. "The team has been great so far. We've had a lot of fun playing together."
will be traveling to Columbus traveling to Muncie, Ind. for two different meets during the weekend. Most of the team will be traveling to Muncie, Ind., but a select few will be traveling to Columbus with the team splitting up to the meets in Muncie and Columbus on Saturday. Students that will be making the trip to Columbus on Saturday include senior Ashley Harris, sophomore Brodie P my, freshman Shana Flanary and junior Jennifer Pettigrew. Harris and Flanary will be competing in throwing events and Pettigrew will be the only runner going to Columbus.

Harris will be the only student-athlete representing BG while the others will be competing unattached. Teams that BG will be competing against some of the best teams in the Midwest in Columbus. Teams include Ohio State, Michigan State, Purdue, Cincinnati, West Virginia, Miami University, Dayton, Wright State, Eastern Michigan and Ohio University.

The Ball State Dual begins at 11 a.m. on Saturday and the Jesse Owens Track Classic begins at 3:30 a.m.

ing career for BG. After an
AS-MAC season in 2009, he missed the 2010 season due to shoulder surgery. He struggled in his return to the mound last season, posting a 5.59 earned-run average and walking more batters than he struck out. However, he has been strong this year, with a 1.89 earned-run average in seven appearances — four starts — this season. Starting game two for BG will be Ethan McKinney, who has had an up-and-down season. He was strong with a 6.57 earned-run average, but was strong in his previ

The Falcons also hadn’t won two tournaments in the same season since 2005-06. Joining the Falcons and Buckeyes will be Mid-American Conference teams Ball State, Eastern Michigan, Kent State, Ohio and Toledo. Other teams include Alabama, Marshall, Northwestern, Southern and Western Kentucky. Wright State and Lewis will also be in attendance.

Illinois and Kent State tied for first place at the event last year at 832 (-4). Luke Guthrie of Illinois and John Bahm of Kent State led the field; they are tied for first individually at 210 (-3). Kent State returns three of the golfers that shot the score, but for first at the 2011 Robert Keohan Invitational. According to golfweek-

rungs.com, five teams are ranked in the top 10 that will be participating in the event. Kent State leads the field, they are currently ranked 10th. Big Ten teams include Indiana, Ohio State and Michigan. Teams include Dayton, Indiana, Purdue, Cincinnati, West Virginia and Toledo. Other teams include Illinois, Kentucky, Maryland, Marshall, Northwestern, Southern and Western Kentucky. Wright State and Lewis will also be in attendance.

The Scarlet Course is a par 71 track that will play at 6475 yards. The course was designed by Keith G. Allister MacKenzie and later renovated by Jack Nicklaus in 2005 and 2006. This will be the second of three straight tournaments at Big Ten venues for the Falcons. The Big Ten will be held at West Lafayette, Ind., but the Roseannberg Invitational April 21 and 22 before the MAC Championships May 4-6.

Asparagus means spring. I wait all year for the window of local, ripe asparagus, which lasts only a few precious weeks, or one full month, if we're lucky. It is my task to harvest asparagus in their backyard. The lesson: I learned to wait, to be patient, for spring season. Like grass and the flapping sound of leaves, I wait all year for the window of asparagus in addition to a whole month, if we're lucky.

Through the window, I learned to wait, to be patient, for spring season. Although Dreimiller enjoys sending his Instagrams directly to Facebook, he's worried Facebook's recent buyout of Instagram could bring some undesirable visuals to his feed. "I'm kind of worried it might go inward the way of Facebook," Dreimiller said. "We might start seeing ads, and I don't think anyone wants that to happen." Facebook purchased Instagram for $500 million earlier this year, according to a press release from Facebook.

The 35-year-old theater seats approximately 168 people and is open to University students, staff, and even the surrounding community. "The Gish Film Theater is a wonderful space for faculty, staff and students alike to come together on a weekend to learn," Holden said.

See GISH (Page 11)
and a photography instructor at the University, agrees Instagram's compatibility with other social networks, both Dreimiller and Heiss enjoy the simplicity of using Instagram on a photo sharing app. Instagram offers users a variety of filters, geolocation features and a simple interface, but I've downloaded a few other "simple" features. Instagram has opened creative photography tors may only be smartphone apps, and Instagram is a free app that's valued at a billion dollars; that just goes to show what you could do with it." Heiss said. "It's a free app that's valued at a billion dollars; that just goes to show what you could do with it."

"It's hard to tell what will happen, but Facebook just inherited probably a million users," Heiss said. "Let's hope they continue "instagraming" for now. While Dreimiller is a fan of Instagram, Heiss prefers to assist it in delivery times, said Smith. "We know where someone's order is at all times, whether it's in the oven or out of the oven and on the road," King said. "Our main focus is the students," Fenwick said. "We're there for them when they're freshmen on campus and hope they stay with us until they're seniors."

"Cookies take a long time to bake, so we're not the fastest delivery in town," Cooke said. "We have to keep moving pizzas to answer the phone." Once a customer calls in an order over the phone or online, Papa John's has a computer system that will tell the approximate time to each customer. The system also keeps statistics of order times for the past week. "Our main focus is the students," Fenwick said. "We're there for them when they're freshmen on campus and hope they stay with us until they're seniors."

The Gish has three separate series a week: Tuesday is the popular film series; Thursday is the international film series; and the Sunday matinee is the silent film series.

"We try to provide a wide variety of offerings of theater," Holden said. "Senior Quinn George, the president of the University Film Organization (UFO), has found the Gish to be beneficial, he stated. It has a very classical theater setting," George said. "It's important to remember that aspect of a theater experience."

UMOS uses the Gish for the screening of the films students produce during the 48-hour film festival, an event that occurs twice a semester. George said, "We're trying to also use it for the Thirteenth Annual Film and Media Festival, which is coming at the end of April."

As a film student, George has also attended the Gish Theater for classes. One such class, Culture and the Moving Image, is tied with the Tuesday session and hosted by Cynthia Baron, an instructor in the theatre and film department.

"Our class is the core audience," Baron said, "we're always there." Baron works with the Culture Club, an organization of graduate students on campus, to come up with the programming, which features cult films, documentaries and independent films. "You don't see these movies at the multiplex," Baron said. "It's for people who love film and want to see something you can't see at a regular theater."

George also liked this aspect of the theater experience. "It's like purchasing a ticket and not knowing what you're going to see," he said.

"We ask for people to stay to watch the credits," she said. "You're going to watch the end credits, and then you can go out knowing that you've seen something you normally wouldn't see."

"You don't see these movies at the multiplex," Baron said. "It's for people who love film and want to see something you can't see at a regular theater."

George also liked this aspect of being exposed to a film he wouldn't normally see. "It's like purchasing a ticket and not knowing what you're going to see," he said.

Baron's class begins on Tuesday at 6 p.m., and at 7:30 p.m., "Tuesdays at the Gish," begins. While anyone is welcome to attend these films, Baron does have one rule.

"Would you like to step through the credits," she said, "We're going to if we're someone who is part of the audience." This allows the viewer to sit and reflect and think about the films, Baron said.
